

A GREAT INSTITUTION.

It is unusual that a single institution in a city of 8,000 people will overshadow in importance every other interest, but such is the case with the American School of Osteopathy, and A. T. Still Infirmary at Kirksville, Mo.

A stranger in Kirksville is immediately impressed with the idea that the town is sustained by this institution, in fact, Kirksville has been made what it is to-day by Dr. Still and his famous School and Infirmary. It is the largest patronized unendowed institution of its kind in the United States.

Dr. Still's school enrolls over 700 students yearly and each student is required to attend four terms of five months each before completing the course of study. There are over 2,000 graduates and they are practicing in every state and territory of the Union. About two-thirds of the states have passed special laws legalizing the science.

This school teaches every branch taught in medical colleges except "drugs" and osteopathy is substituted for that. So thorough is the teaching in anatomy that over one hundred human bodies are dissected yearly by the students.

At the Infirmary, patients from every part of the country and with almost every form of disease are constantly under treatment. For the past fifteen years almost every train coming to Kirksville has brought some new sufferer hoping to find relief by the science of Osteopathy. By the thousands who have left the institution benefited by the treatment, the science has been heralded to the world as a safe and rational method of cure. Several years ago a free clinic was established in connection with the practice department of the school and this is still in operation. Hundreds of the worthy poor, who are unable to pay for treatment, are treated every afternoon by the senior students free of charge.

Cupid deserves a lot of respect. He has been doing business for six thousand years and he's young yet.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

A man is not firm in faith because he is fossilized in mind.

Blanke Coffee Wins Everything.
St. Louis, Nov. 8.—World's Fair gives C. F. Blanke Tea & Coffee Co. highest award, grand prize and gold medal, on coffee, also five additional highest awards on Grant Cabin Tea, Quaker Ceylon Tea, China Tea, Shidzuokaken Japan and Formosan Teas, making greatest number grand prizes ever awarded one firm.

The Best Results In Starching can be obtained only by using Defiance Starch, besides getting 4 oz. more for the same money—no cooking required.

A secret sorrow is a joy forever—to most people.

Making a time card for others is not the same thing as taking the train yourself.

Defiance Starch is put up 16 ounces in a package, 10 cents. One-third more starch for the same money.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it

Had Learned to Save.

Father—Halloa, where did you get all those toys?

Son—I bought 'em with the money you gave me.

Father—But I gave you that money to teach you how to save.

Son—Yes, pa; I kept it for three weeks, until I learned all about saving, and now I am learning how to shop.—Stray Stories.

Sarcasm.

"Why, John," said Subbubs, returning from a month's vacation, "the lawn is all dried up."

Can't understand it, sir," replied the lazy caretaker; "I worked hard on it all the time you was gone."

"Ah! You shouldn't work so hard. You probably ran the lawn mower over it so vigorously that you scorched it."

Couldn't Touch Him.

The Golfer—Are you laughing at me, boy, because I missed the ball again.

The Caddy—No, I was just thinkin' what a cinch it would be to be your bad little boy.—Philadelphia Telegraph.

Sizing Him Up.

"Pon my honor!" complained Hi Tragerdy, with an air of great disgust, "that railroad is positively atrocious. It took me thirty-two hours to come from Chicago."

"What are you talking about?" demanded Lowe Comerdy. "That's mighty good time for a freight train."

Laid It to the Sermon.

Rip Van Winkle awakened rather flustered from his twenty years' sleep.

"Yes—yes," he muttered hastily, "the sermon was very fine."

Perceiving, however, that he was not in church in time, he tottered down the hill.

Some Relief in the Situation.

"Don't you sometimes feel discouraged about our political system?"

"No," answered Farmer Cornstossel. "I kind o' like it. It's a great relief to have a man come around shakin' your hand an' tellin' you stories without tryin' to sell you books or lightnin' rods."

How He Got Even.

She had just worked the "I'll-be-a-sister-to-you" degree on him.

"Excuse me, Miss Chillington," he said, "but as I am already well supplied with elder sisters, would you mind being a grandmother to me instead?"

Proof Positive.

Soques—"I must have been unusually drunk yesterday."

Hoques—"Why do you think so?"

Soques—"I found a receipted bill from my tailor in my pocket this morning."

A Suggestion.

Miss Passay—"Well, what do you think of her? She had the face to say I'd never see her again."

Miss Pepprey—"Perhaps it wasn't her face that prompted her to say that."

A Bachelor's Guess.

"There is a boy in London who can understand three different languages." "What are they, baby talk, grandma talk, and English?"

Golf is World Game.

At Bagdad there has been a golf club for nearly ten years. The eighteen-hole course, which is laid out in the desert some three miles from the city, is said to be of "a decidedly sporting character"—which means, according to some that one loses an immoderate number of balls there. Golf may be played at Zanzibar, Benin ("the city of blood," it will be remembered), Crete, Bangkok, Honolulu, Perak and also at Wei-Hai-Wei.—London Times.

Black Kerchiefs for Sailors.

All sailors in the British navy are obliged to buy a black silk handkerchief. They get it from the government stores, and the price, about \$1, is deducted from their pay. This year the Admiralty has ordered 160,000 handkerchiefs from the largest silk manufacturers in the world. This number is 40,000 more than has ever been required before. Each handkerchief is thirty-five inches square.

To Utilize the Shark.

The shark, which is so abundant in the waters of Central America, is to be utilized in commercial products. A company has been formed which converts sharks' fins into jelly and tinned soup, makes fine machinery oil from their livers, handsome leather, equal to alligator's, from their skins, walking sticks from their backbones, and numerous articles from their jawbones and teeth.

Unable to Distinguish Red.

The most common form of color blindness is an inability to distinguish red. Last year thirty-four officers and would-be officers of the British mercantile marine service failed on their color tests, twenty-three being red blind and the remainder unable to distinguish green. The 4,600 candidates for certificates were also submitted to the form vision tests and twenty-two of them failed to distinguish the form of the object submitted.

Trick of Photography.

If you are an amateur photographer and have a negative of some friend whom you would like to see locked up for a long term, put your printing frame just inside a wire mosquito netting when you print the next picture from the negative. The result will be a print showing your friend behind the bars. The effect will be almost startling.

You can not atone for stealing the bakery by giving away a few biscuits.

Mrs. Mary E. Meserve, of Salisbury, Mass., was cured of Anæmia, a disease in which there is an actual deficiency of the blood, by the use of

Dr. Williams' Pink Pills for Pale People

She says: "The first symptom was an unusual paleness. Later the blood seemed to have all left my body. I had shortness of breath and fluttering of the heart; was depressed, morose and peevish. I suffered for two years. Physicians did me little good but I am now a well woman because I took twelve boxes of Dr. Williams' Pink Pills."

These pills really make new blood and have cured obstinate cases of rheumatism, scrofula and erysipelas. They are especially useful to growing girls.

Sold by all Druggists.

WINCHESTER

RIFLE & PISTOL CARTRIDGES.

"It's the shots that hit that count." Winchester Rifle and Pistol Cartridges in all calibers hit, that is, they shoot accurately and strike a good, hard, penetrating blow. This is the kind of cartridges you will get, if you insist on having the time-tried Winchester make.

ALL DEALERS SELL WINCHESTER MAKE OF CARTRIDGES.

W. L. DOUGLAS

W. L. Douglas makes and sells more men's \$3.50 shoes than any other manufacturer in the world.

The reason W. L. Douglas \$3.50 shoes are the greatest sellers in the world is because of their excellent style, easy fitting and superior wearing qualities. If I could show you the difference between the shoes made in my factory and those of other makers and the high-grade leathers used, you would understand why W. L. Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoe on the market to-day, and why the sales for the year ending July 1, 1914, were \$65,223,040.00.

W. L. Douglas guarantees their value by stamping his name and price on the bottom. Look for it—take no substitute. Sold by shoe dealers everywhere.

SUPERIOR IN FIT, COMFORT AND WEAR.

"I have worn W. L. Douglas \$3.50 shoes for the last twelve years with absolute satisfaction. If I had them superior in fit, comfort and wear to others costing from \$2.00 to \$5.00, I should not wear them."—J. S. McCull, Dept. Cult., U. S. Int. Revenue, Richmond, Va.

W. L. Douglas uses Corona Cattlekin in his \$3.50 shoes. Corona Cattlekin is conceded to be the finest Patent Leather made. East Color Eyelets used exclusively.

W. L. DOUGLAS, Brookline, Massachusetts.
